

This guidance is to be used for all International Sportsperson governing body endorsement requests made on or after the **13 August 2024**.

Section 1: Overview of governing body endorsements for the International Sportsperson route of the points-based system

This page provides a brief explanation of what endorsement requirements apply in respect of the International Sportsperson route of the points-based system. The Immigration Rules for the International Sportsperson route can be found at [Appendix International Sportsperson](#).

The **International Sportsperson** route is for elite sportspeople and coaches who:

- are internationally established and whose employment will make a significant contribution to the development of their sport at the highest level in the UK
- who will base themselves in the UK
- will be filling a post that cannot be filled by a suitable British citizen or person who has a right to enter or stay in the UK without restriction.

The application process explained: migrants applying to come to the UK under the International Sportsperson route need to be sponsored by an organisation that has an International Sportsperson sponsor licence.

If you wish to sponsor such migrants, you must have a sponsor licence. Before you apply to the Home Office for a licence you must be endorsed by the relevant **sports governing body** for your sport. This endorsement confirms to the Home Office that the application for a licence is from a genuine sports club (or equivalent) that has a legitimate requirement to bring migrants to the UK as sportspeople. Once licensed, you can assign certificates of sponsorship to a sportsperson or coach with a job offer that allows them to apply for entry clearance or permission to stay in the UK. Each individual must also have a personal endorsement from the relevant **approved sports governing body** for their sport before you assign the certificate of sponsorship.

An **approved sports governing body** is one specified in [Appendix Sports Governing Bodies](#) of the Immigration Rules. Each governing body must be recognised by one of the home country sports councils such as Sport England, and will have been approved by the Home Office before being included in [Appendix Sports Governing Bodies](#) of the Immigration Rules.

Sports governing bodies will work within the Home Office's '[Code of practice for sports governing bodies](#)' and must comply with any immigration regulations, UK legislation and the principles of the points-based system as detailed on the [GOV.UK](#) website.

Length of endorsement

Governing body endorsements should be issued for a period appropriate to the period of approval for sponsorship, that is:

Type of application	Length of endorsement
Sponsor	4 years from date of issue.
Migrant	For an initial maximum period of 3 years, with a further extension of a maximum period of 3 years. If the contract is for fewer than 3 years, it will be issued for the length of the contract.

Change of employment

If a migrant is intending to change employer, their new employer must request a new governing body endorsement. The endorsement can be issued for the length of the contract or to the maximum period permitted within the route, whichever is the shorter. The new employer must assign a new certificate of sponsorship to the migrant to allow them to apply to the Home Office for new permission to stay. Permission to stay must be granted before the migrant can start work with the new employer.

Salary

The salary should be agreed as part of the contract between the migrant and the sponsor. This and the other conditions of employment should be at least equal to those normally given to a resident worker for the type of work undertaken.

Supplementary employment

International Sportsperson migrants are eligible to undertake supplementary employment under the Home Office supplementary employment regulations. The 'Supplementary employment' section [Workers and Temporary Workers: guidance for sponsors - Sponsor an International Sportsperson guidance](#) has more information on this.

These requirements are applicable to England, Scotland, Wales and Northern Ireland.

The requirements will be reviewed annually. The next review will be in July 2025.

Dispute handling procedures

Where an application for a boxer to engage in sporting activities covered by the requirements for a governing body endorsement as set out for International Sportsperson has been refused on the grounds that the individual fails to meet the published requirements, the sponsor may seek a review of the application. The sponsor will have 28 days to request such a review. In these cases, the British Boxing Board of Control will refer the sponsor's evidence to an independent panel as set out below.

Where possible the sponsor's supporting evidence will be sent to the panel in advance for their consideration in order to allow an informed decision.

Sponsors should note that, in respect of any application, there will only be one panel available and the decision of the panel is final. Sponsors should therefore ensure that all evidence it wishes to present in support of its application is presented to the panel. If the sponsor has previously made an application that was unsuccessful at panel a further panel cannot be requested for the same individual during the season unless his status changes and he meets the requirements whereby a new application can be submitted.

a. The Review

The request for a review may only be made by the sponsor for whom the governing body endorsement has been initially rejected by the British Boxing Board of Control.

A review shall be commenced by the appellant lodging with the British Boxing Board of Control a notice of appeal within 28 days of the decision appealed against. The notice of appeal shall:

- i. set out details of the decision appealed against and, if the whole of the decision is not appealed against, identify that part of it which is appealed against;
- ii. set out in full the grounds of appeal and an appellant shall not be entitled to rely in any ground of appeal not set out in the notice of appeal; and
- iii. be accompanied by a deposit of £250.00. The panel shall have discretion as to whether the deposit is returned.

The procedure for appeal will be in accordance with the Regulations and the Panel shall be comprised as detailed below.

b. The Panel

The panel will be appointed by the General Secretary. The appointed panel shall consist of: an independent chairman, and one representative of the British Boxing Board of Control (who has not been involved in the initial decision).

c. Power of the Panel

An endorsement request may be refused if the individual does not meet the relevant criteria set out in this document or fails to provide the mandatory documents. The British Boxing Board of Control will notify an individual in writing of any endorsement request which is refused setting out the reasons for refusal.

An individual shall have 7 days from the date of the written refusal to submit an appeal in writing to the British Boxing Board of Control. An individual may only appeal on the basis that the British Boxing Board of Control have not applied the endorsement criteria correctly.

The British Boxing Board of Control shall consider the appeal and any evidence submitted in support and shall, within 7 working days of the receipt of the appeal, notify the individual of its decision.

d. The Decision

The panel will make a decision only using the above criteria which shall be final and binding. There are no other grounds of appeal.
